

Courses at Neuro-Ability Rehabilitation Services

Neuro Ability Rehabilitation Services ★

Getting there...

Neuro-ability is located at 675 East 17th Ave in Vancouver. The clinic is on the backside of the building of M social coffee house (sometimes it's missed) as the clinic can't be seen from Fraser street.

For parking, there is street parking on E17th St and along Carolina (cross St) which are free with no time restrictions.

Public Transit:

<http://tripplanning.translink.bc.ca/>

The "#99 express bus" stops at Fraser and Broadway

The "#8 bus" runs along Fraser and stops at the clinic

The "#19 bus" runs along Kingsway and stops less than 2 blocks from the clinic

Dress

Please be sure to wear clothing that will allow you to change to participate in the practical session (ie sports bra, shorts).

Meals/Snacks

We'll provide tea/coffee and healthy snacks. If you wish, the coffee house attached to the building is open on weekends and has some sandwiches and pastries. Otherwise there is Mexican, pho, pizza and Indian take away as well as a gourmet coffee shop (matchstick) all within a 5 min walk.

The clinic only has one microwave to keep in mind if you are bringing your own lunch. It is also really helpful if you bring your own re-useable drink container as it keeps down on the number of dishes we have to do.

Accommodations

Best Western Uptown Plus and the Holiday Inn Vancouver Centre are the closest hotels. There are also several Airbnb and VBRO suites in the area.
